WHOLENESS

AN INITIATIVE OF THE
NORTH CAROLINA COUNCIL OF CHURCHES

01

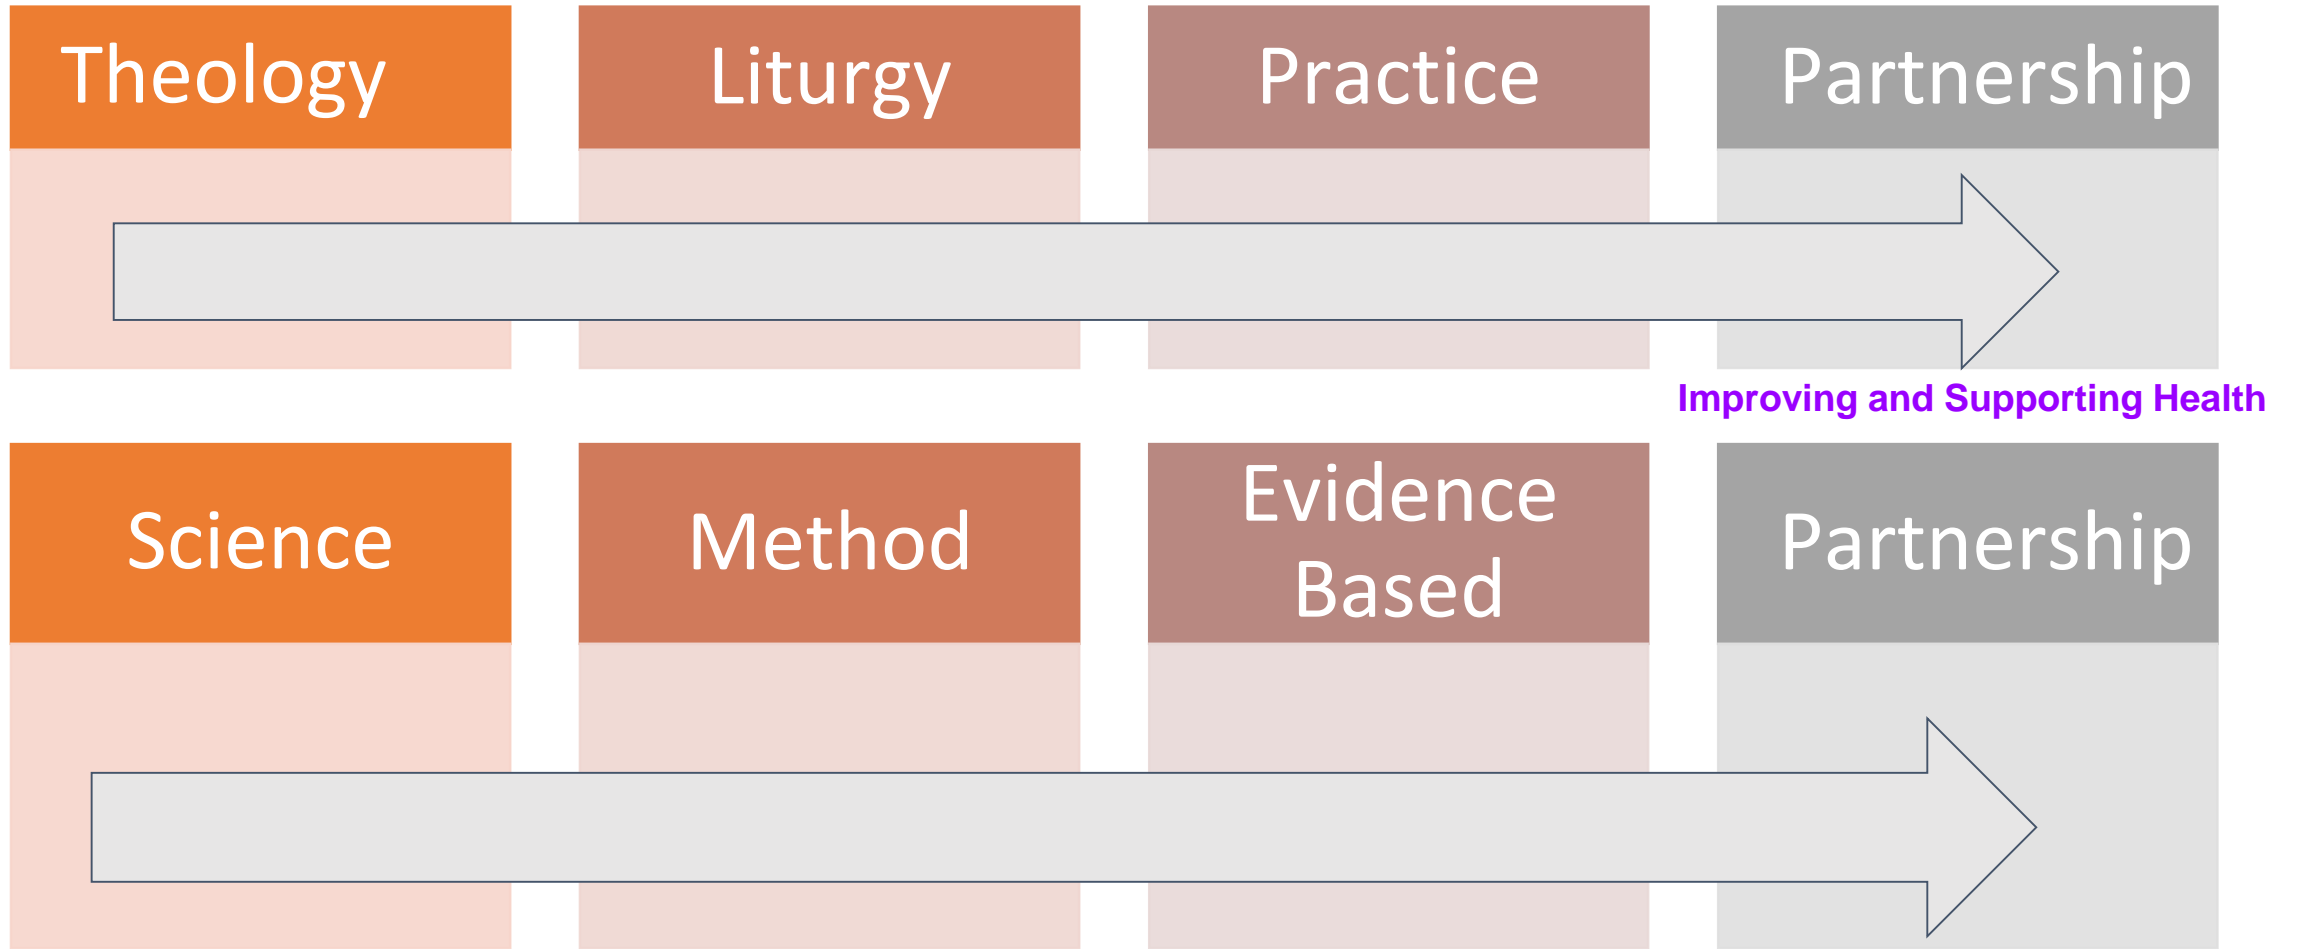

As Christians, we follow someone who is still referred to as the Great Physician; someone who heals the sick, guides the lost, comforts the downcast and liberates the oppressed.

02

Each year in North Carolina, thousands of people die of preventable diseases and almost 1.0 million North Carolinians currently lack health insurance.

03

We believe that the Church remains an institution of great influence in the community.
