2:55 – 3:00 PM Looking Forward/Reminders

Robert Kurzydłowski JD, MPH

Project Director

NCIOM

North Carolina Institute of Medicine
shaping policy for a healthier state

Task Force Meeting 4 Recap:

Last month, the task force heard from representatives of the Perinatal Systems of Care in Tennessee and Texas. The presentations were followed by small group discussions on the systems in place in Arizona, California, Washington and New York. Nancy Henley presented on Medicaid Transformation and engaged the group in a thorough question and answer session. The group then learned about the LoMC and NICU verification programs. An initial draft of recommendations was also distributed to the group for review. For meeting minutes, presentations, and other materials, visit our website at: <http://nciom.org/events/task-force-meeting-17/>.

Looking Forward -- Task Force Meeting 6:

On our May 2nd meeting we hope to focus on and share some of the data we have requested surrounding workforce and Medicaid transfers. We also hope to have presenters from a NICU follow-up clinic/organizations offering resources for post-partum maternal care. Finally, we will make our transition into prenatal care and begin with the barriers faced to obtaining it.
