Human Services and Public Health

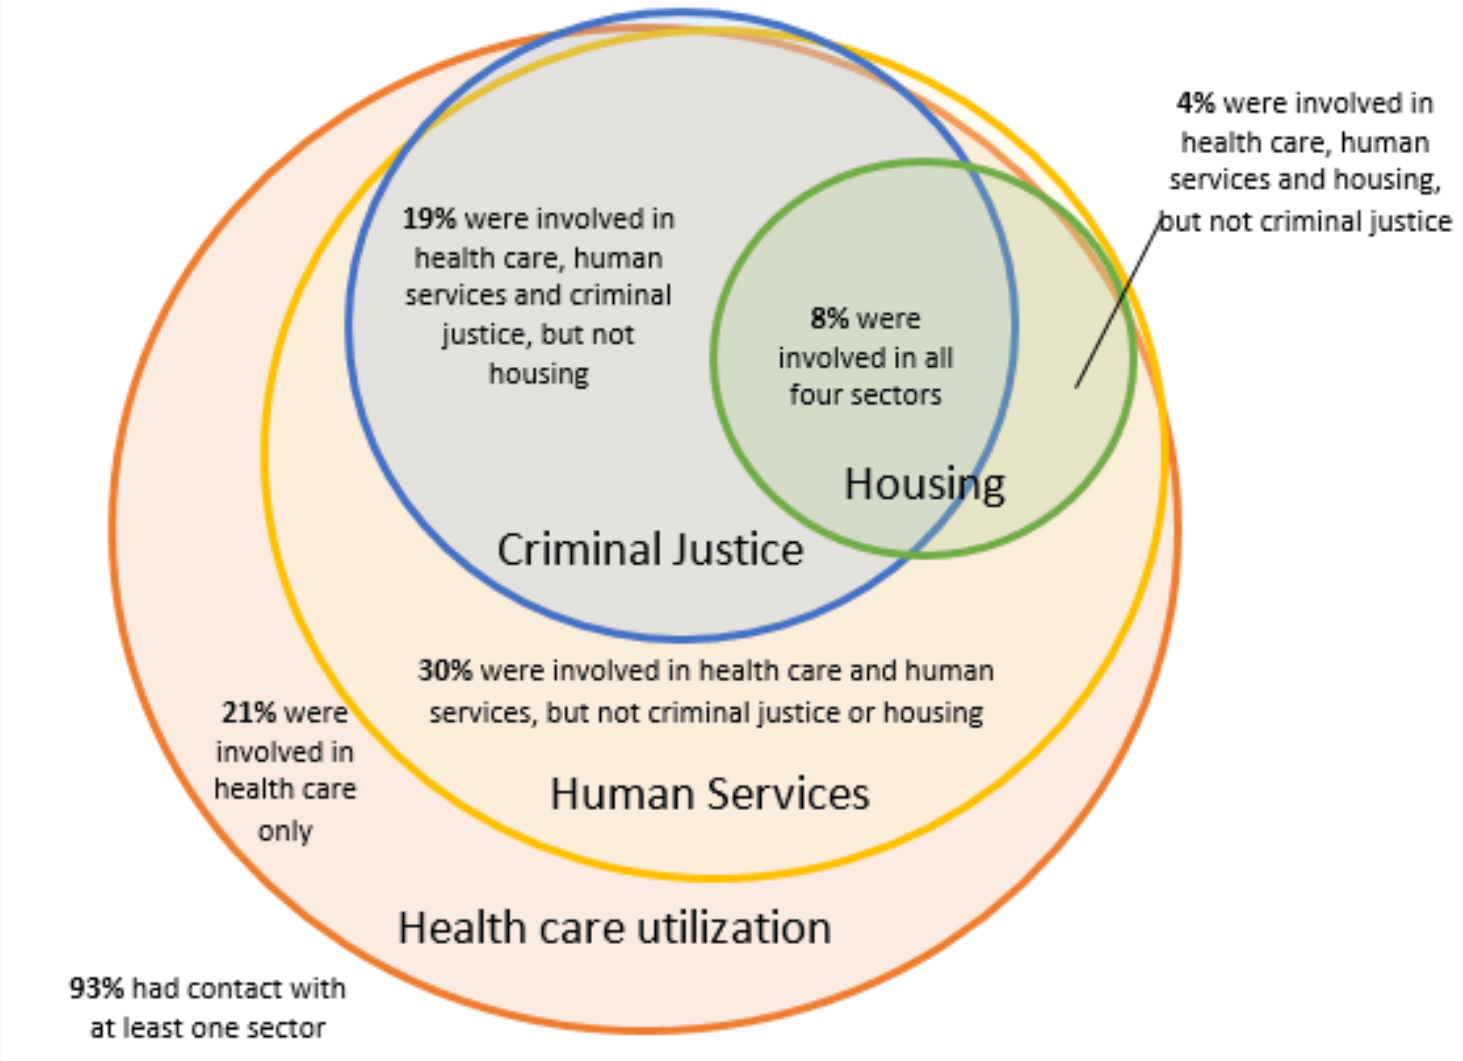

Financial Model: Impact

	Before Hennepin Health / Traditional Health Care	With Hennepin Health
Method of Paying Providers for Care	Fee-for-Service (<i>Volume</i>)	Total-Cost-of-Care (<i>Value</i>)
Health Plan <---> Provider Financial Incentives	Opposed	Aligned
Remaining Funds if Financially Successful	Health Plan Margin	Reinvestment to Further Improve the System
Services Offered to Patients	Medicaid Benefit Set (<i>Rigid</i>)	Medicaid Benefit Set + Care Coordination + Targeted Social Service Interventions (<i>Flexible</i>)

What Do People Need to Achieve Health?

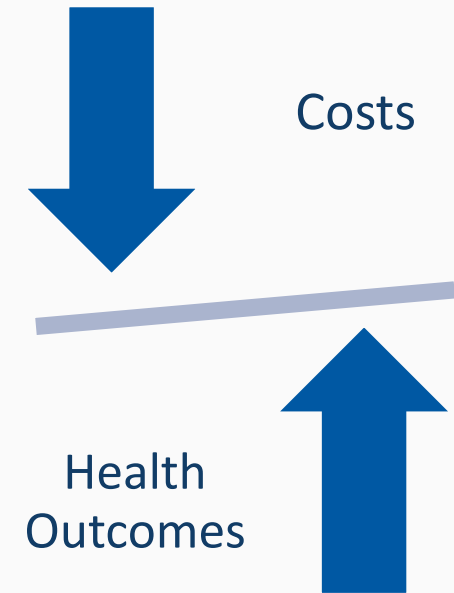

Involvement Across Sectors

Sample Health Care Outcomes

- Emergency Room Diversion -9%, -45%
- Housing Initiative -55% ER, -72% Inpt
- Employment Initiative -60%
- Access Clinic Initiative -32%
- Chronic Inebriates, Diversion Team- -50%
- Withdrawal Management – projected > -60%

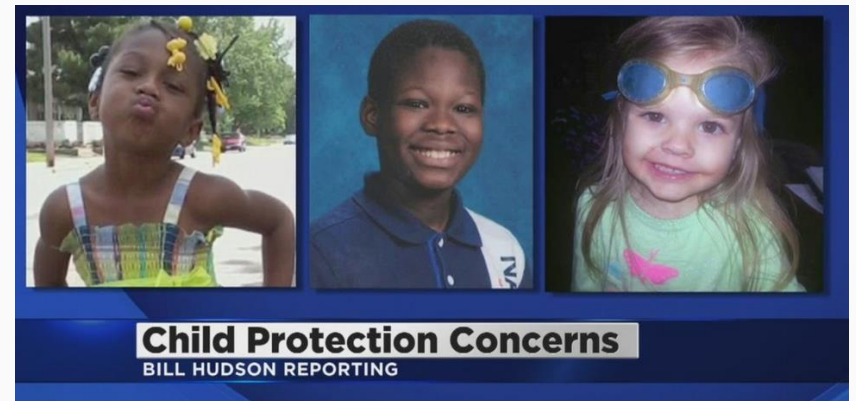

Health and Human Service Alignment

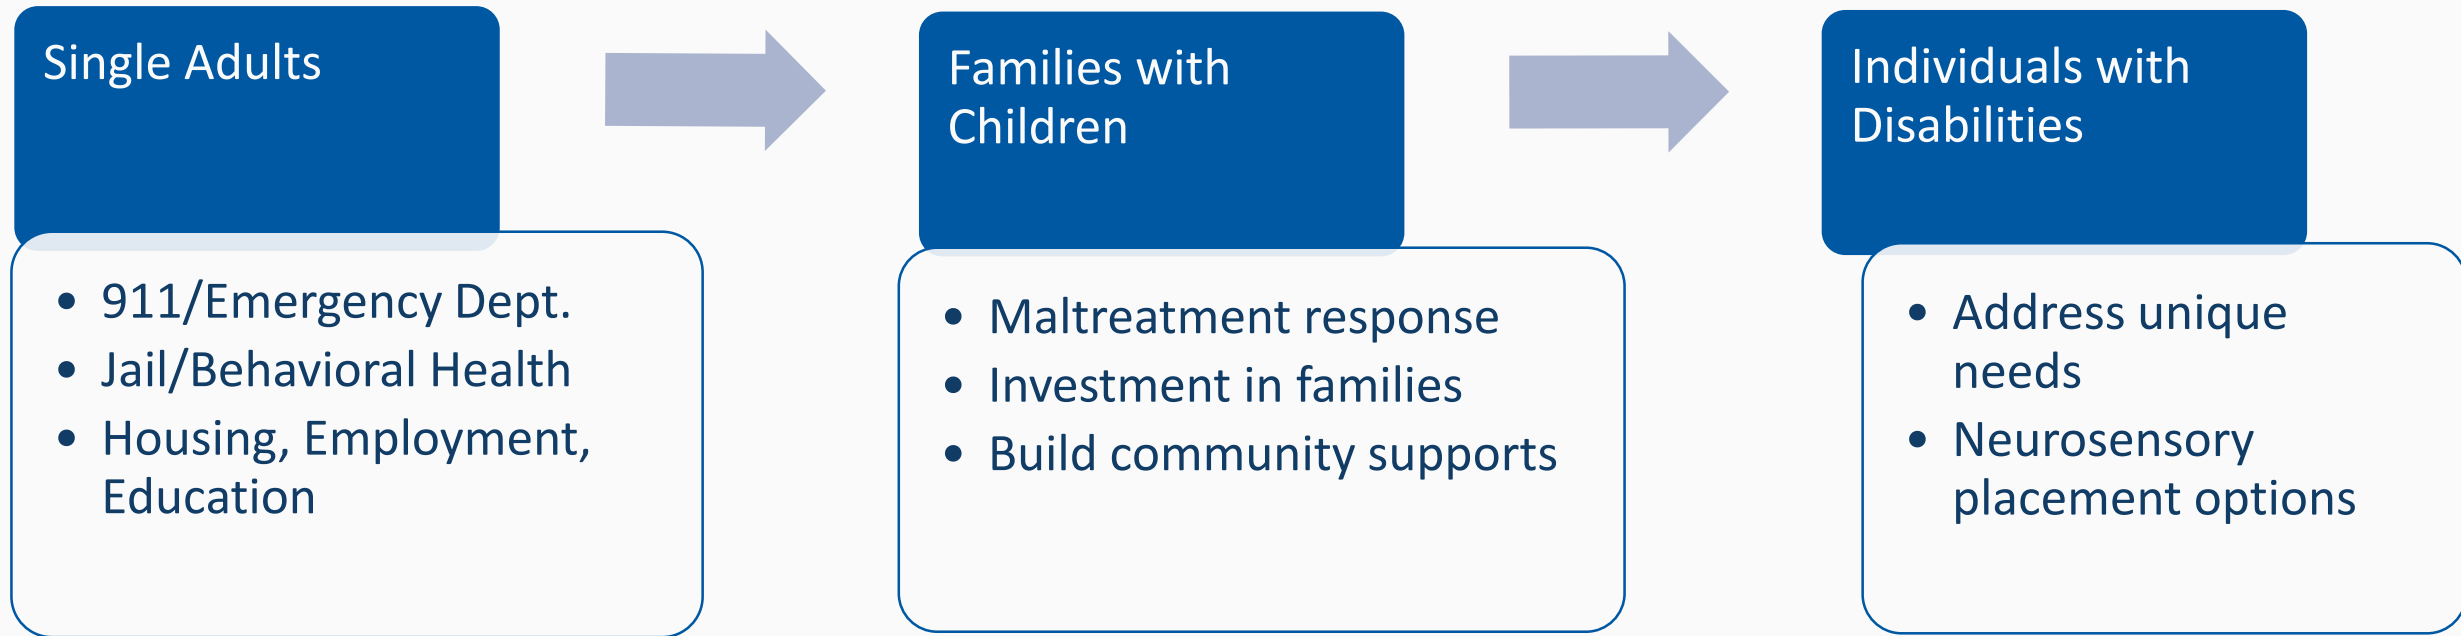

Multiple Systems, Aligned Opportunities

A Broader Role in Community Health

Our Journey.....

Build the business case.....move the line

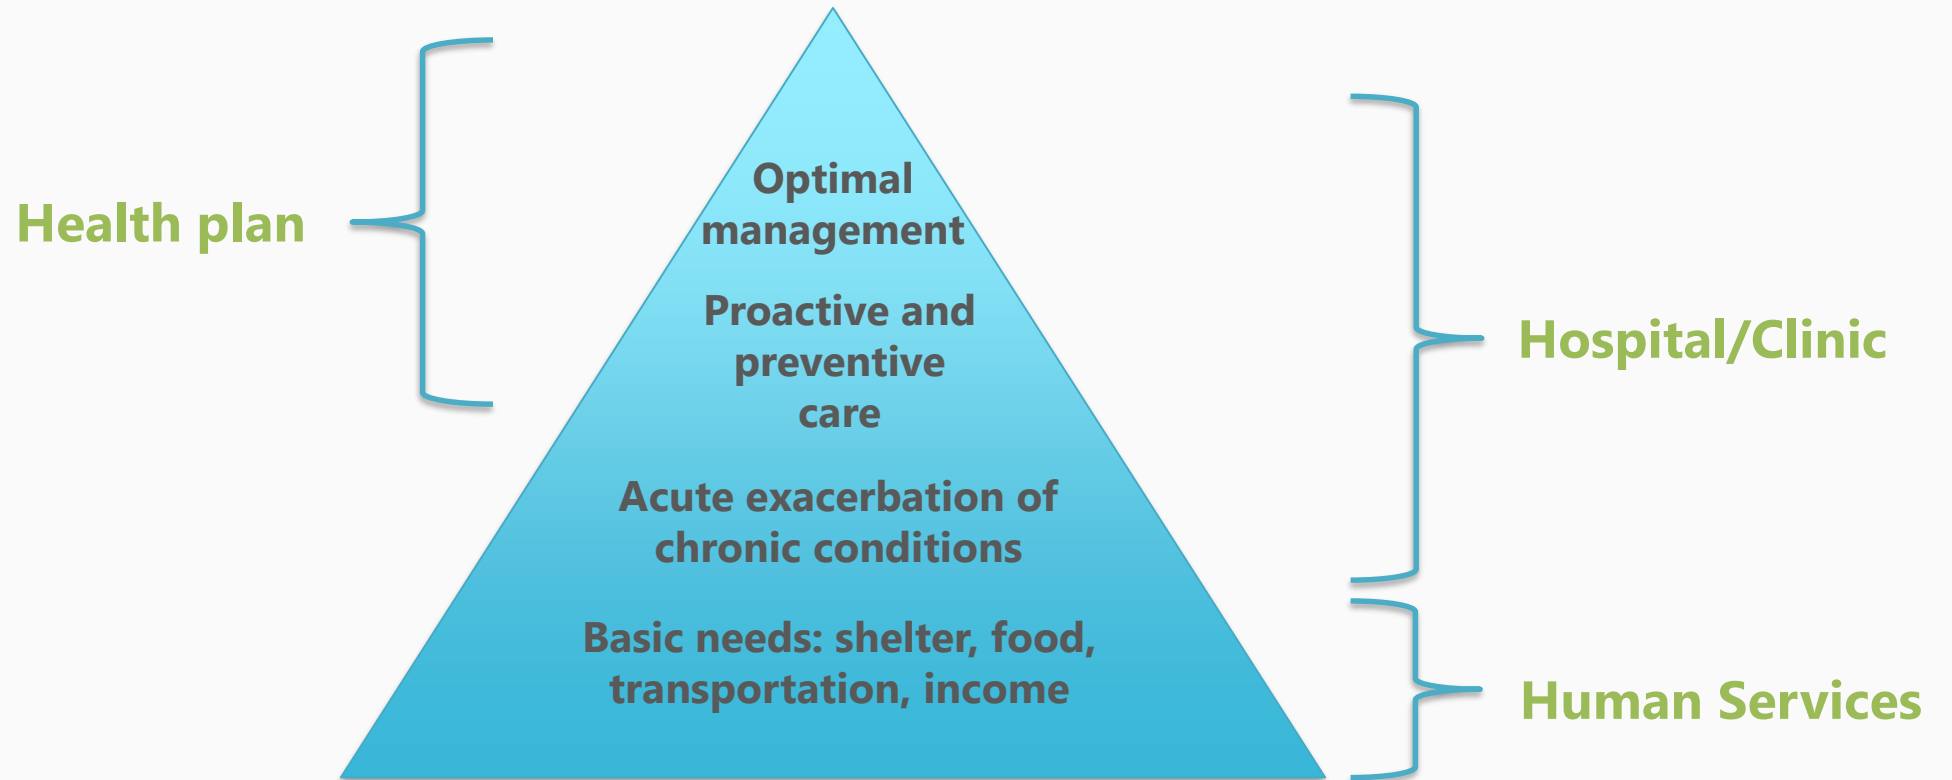

Key Levers

- Development of a shared vision
- Early wins/pressure points
- Data sharing
- Flexible funding
- Business case/return on investment modeling

Key Gains

- Better outcomes
- Problem resolution
- Informed decision making
- Value based funding
- Research and development
- Policy changes

Opportunities for Improvement

Create your own pathway.....

“strive for
progress,
not perfection”
